Theaterstraße 18, 52062, Aachen, Germany

About me:
I am a full-stack web developer working based in Aachen, Germany. I use multiple programming languages and tools including Python, Javascript, Html, CSS and different frameworks like django and VueJs.
Being a fast learner and always seeking challenging tasks throughout my career, I have gathered experience in full-stack web development by practicing and self-teaching multiple standard programming languages. Regardless of my educational background, I have pushed myself out of box into different profession and developed a strong understanding of aesthetic and design principals of web development as well as excellent trouble shooting and bug resolution abilities. I always try to use critical thinking and problem-solving skills in any tasks provided in order to reach the target set.
